

Proudly designed, built and supported in the USA

Valcom, the largest provider of telephone integrated paging systems in the world, knows and understands our customer's needs – we've been doing this for over 45 years! It has always been our philosophy to listen to our customers and to provide the highest quality loudspeaker paging and telecommunication system enhancement products. That's why Valcom is the standard product offering for major telephone companies and the overwhelming choice of the Fortune 500 companies. Valcom's extensive array of paging products are designed, built and supported in the USA in our state-of-the-art facility located in SW Virginia's beautiful Blue Ridge Mountains.

All processes for making products are under one roof . . .

- Software/engineering develops products
- Manufacturing facility utilizes state-of-the-art automated systems
- Paint department
- Quality control
- Packaging and shipping
- Headquarters, sales, marketing
- Tech support

Valcom has some of the industry's newest and most innovative manufacturing processes, and works continuously to improve the plant.

Valcom Can Help You Deliver

**The Right Message . . .
To the Right People . . .
At the Right Time!**
