

# P-Tec™ Ceiling Speaker

Valcom's P-Tec™ Ceiling Speaker is the ideal speaker for open offices and environments where you need to provide intelligible voice paging or background music. The P-Tec speaker is lightweight, easy to install, and easy to relocate. The speaker is designed for mounting onto acoustic tile and the patented push/lock mounting method means no large holes to cut into the surface.

Lightweight, easy to mount using a patented push/lock system
