

Technical Specifications

V-SMR12AW/V-SMR16AW Surface Mount Housing

- Used with 12.00in or 16.00in wireless plastic clock cases
- Housing intended for wireless round analog clock retrofit applications

12-inch housing
wireless analog clock

16-inch housing
wireless analog clock

Description:

The V-SMR12AW/ V-SMR16AW Surface Mount Housing for 12in and 16in wireless analog clocks makes it easy for retrofit applications.

SPECIFICATIONS

HOUSING AND FINISH

Plastic with black finish

MOUNTING

Surface

DIMENSIONS AND WEIGHT

12in Mounting Ring

12.40in (31.50cm) Dia

Weight: : 1.50lbs (0.68kg)

Shipping Weight: 2.40lbs (1.08kg)

16in Mounting Ring

16.30in (41.40cm) Dia

Weight: 2.00lbs (0.90kg)

Shipping Weight: 3.20lbs (1.44kg)

ARCHITECTS AND ENGINEERS

The Surface Mount Housing, model V-SMR12AW/V-SMR16AW, shall be intended for wireless round analog clock retrofit applications. V-SMR12AW/V-SMR16AW shall be constructed of plastic with a black finish.

The V-SMR12AW mounting ring maximum dimensions shall be: 12.40in Dia (31.50cm) and the V-SMR16AW mounting ring maximum

dimensions shall be: 16.30in Dia (41.40cm). V-SMR12AW weight shall be approximately: 1.50lbs (0.68kg). V-SMR16AW weight shall be approximately: 2.00lbs (0.90kg).
