

Wired Clocks

Valcom's wired analog clocks are available in 12" or 16" diameters, feature round metal cases with shatter-proof polycarbonate crystals and are lightweight and durable. Wired analog clocks are compliant with a variety of industry standard correction protocols.

Valcom's wired digital clocks are available with 2.5" or 4" easy-to-read 4 digit displays. Each time piece offers proven time-keeping accuracy and reliability.

Optionally, wired clocks may be digitally corrected every second. Valcom's synchronized wired Clocks are ideal for schools, universities, offices, government agencies, healthcare, manufacturing and transportation facilities.

Features & Advantages

Uses Standard CAT 3, 5, Or 6 Cable

Use existing infrastructure to save money.

UL Certified Product

Meets or exceeds industry standard.

Precision Time Clock

Time keeping accuracy and reliability.
