

VALCOM

ENCOMPASS PLUS™

Crisis situations can happen anywhere on campus. One touch of a button can summons help.

Quick action is so important in an emergency and being able to quickly contact security can play a role in the outcome of a situation.

Valcom's Encompass Plus™ Emergency Call-In System includes all the dynamic features of the Valcom Encompass Emergency Voice Notification System PLUS provides the ability to activate/notify Campus Security and/or Campus Police with the simple touch of a button.

When activated, Encompass Plus™ provides two-way communication capability between the calling party and security. Encompass Plus Call-In Stations can be located both indoors and outdoors and are ideally suited for campus resident halls.

- Calls go directly to campus security
- Talkback Intercom System with remote call in stations
- Convenient
- Easy access
- Most cost effective solution for common areas
- Indoor and outdoor
- Safety at a low cost
- Durable — call button is in a vandal proof enclosure
- Supervised emergency notification
- Uses existing telephone cable
- System can support up to 64,000 call-in stations
- Payback measured in months
