

VIP-429A-A IP Talkback Speaker Clock Assembly

INTRODUCTION

The VIP-429A-A IP Wall Speaker with Clock enables voice access and visual time indication to a single zone of paging over an IP-based LAN/WAN. This allows page zone extension anywhere on the network. The speaker level is adjusted via software during set up. Clock synchronization is initiated via connection to any Network Time Protocol (NTP) server accessible via the network. The enclosure is made of steel with a durable powder coated finish. The color of the enclosure can easily be changed to match any decor. Power is provided to the VIP-429A-A via a Power over Ethernet (PoE) switch meeting the 802.3af specification.

SPECIFICATIONS

Access Methods

- PBX, FXO Port via Valcom FXS Network Station Port
- POTS telephone set via Valcom FXS Network Station Port
- PBX, FXS Port via Valcom FXO Network Trunk Port
- Valcom Multicast Page Group
- SIP – enabled telephone system

Features

- RJ-45 network connection
- 802.3af compatible
- Network Time Protocol (NTP) synchronization

DIMENSIONS/WEIGHT

- 14.50" H x 13.00" W x 3.40" D
(36.93cm x 33.02cm W x 8.64cm D)
- Weight: 4.8 LBS (2.17 kg)

Environment

Temperature: 0 to +40° C

Humidity: 0 to 85% non-precipitating

Nominal Power Requirements

Via 802.3af PoE Ethernet Switch: Class 3

IMPORTANT SAFETY INFORMATION

CONSIGNES DE SÉCURITÉ IMPORTANTES

1. Read these instructions.
Lisez ces instructions.
2. Keep these instructions.
Conservez ces instructions.
3. Heed all warnings.
Respectez tous les avertissements.
4. Follow all instructions.
Suivez toutes les instructions.
5. Do not use this apparatus near water.
Ne pas utiliser cet appareil près de l'eau.
6. Clean only with dry cloth.
Nettoyer avec un chiffon sec.
7. Do not block any ventilation openings. Install in accordance with the manufacturer's instructions.
Ne pas bloquer les ouvertures de ventilation. Installer conformément aux instructions du fabricant.
8. Do not install near any heat sources such as radiators, heat registers, stoves or other apparatus (including amplifiers) that produce heat.
Ne pas installer à proximité de sources de chaleur telles que radiateurs, registres de chaleur, poêles ou autres appareils (y compris les amplificateurs) produisant de la chaleur.
9. Do not defeat the safety purpose of the polarized or grounding-type plug. A polarized plug has two blades with one wider than the other. A grounding type plug has two blades and a third grounding prong. The wide blade and the third prong are provided for your safety. If the provided plug does not fit into your outlet consult an electrician for replacement of the obsolete outlet.
Ne pas contourner le dispositif de sécurité de la fiche polarisée ou de mise à la terre. Une fiche polarisée possède deux lames dont une plus large que l'autre. Une fiche de terre a deux lames et une troisième broche de mise à la terre. La lame large et la troisième broche sont fournies pour votre sécurité. Si la fiche fournie ne rentre pas dans votre prise, veuillez consulter un électricien pour le remplacement de la prise obsolète.
10. Protect the power cord from being walked on or pinched particularly at plugs, convenience receptacles and the point where they exit from the apparatus.
11. Only use attachments/accessories specified by the manufacturer.
N'utilisez que des fixations / accessoires spécifiés par le fabricant.
12. Use only with the cart, stand, tripod, bracket or table specified by the manufacturer or sold with the apparatus. When a cart is used, use caution when moving the cart/apparatus combination to avoid injury from tip-over.
Utilisez uniquement avec le chariot, stand, trépied, support ou table spécifié par le fabricant ou vendu avec l'appareil. Quand un chariot est utilisé, Soyez prudent lorsque vous déplacez l'ensemble chariot / appareil pour éviter des blessures dues au renversement.
13. Unplug this apparatus during lightning storms or when unused for a long period of time.
Débranchez cet appareil pendant les orages ou lorsqu'il n'est pas utilisé pendant une longue période de temps.
14. Refer all servicing to qualified service personnel. Servicing is required when the apparatus has been damaged in any way. Such as when the power supply cord or plug is damaged, liquid has been spilled, objects have fallen into the apparatus or the apparatus has been exposed to rain or moisture and does not operate normally or has been dropped.
Confiez toute réparation à un personnel qualifié. Une réparation est nécessaire lorsque l'appareil a été endommagé de quelque façon. Par exemple lorsque le cordon d'alimentation ou la fiche est endommagé, du liquide a été renversé, si des objets sont tombés dans l'appareil ou le appareil a été exposé à la pluie ou à l'humidité et ne fonctionne pas normalement ou s'il est tombé.

Figure 1. Assembly and Mounting

INSTALLATION

Assembly and Mounting

The VIP-429A-A is designed for recessed or flush mounting to a Valcom backbox (not included). For recessed mounting, the Valcom VB-R22 may be used. For surface mounting, use the Valcom VB-S23 or VB-A24.

Mount the clock face to the speaker grille using the clock mounting bracket included in the clock package (See Figure 1). The mounting bracket should be attached to the speaker grille using two screws and nuts provided, with the large rectangular cutout in the bracket aligned with the similar hole in the grille.

Before mounting the clock to the bracket, remove the shipping pin from the back of the clock movement. Connect the 5-pin Molex connector to the clock movement and route the wiring harness through one of the square cutouts in the speaker grille to the clock circuit board. Insert the 4-pin screw connector into the receptacle on the clock circuit board. Mount the clock face to the clock bracket with the two black screws provided

With the clock mounted to the speaker grille, connect an RJ-45 Ethernet cable to the network jack on the speaker circuit board, then mount the grille to the backbox with the hardware provided.

Network Connection

The VIP-429A-A has one RJ-45 network connector on the rear panel. Use a standard patch cable to connect the VIP-429A-A to an Ethernet switch providing Power over Ethernet (PoE) meeting the 802.3af specification. If the switch does not provide power, a mid-span power injector may be used. (See Figure 2)

Mute Out Connection

The Mute Out may optionally be connected to the mute input of Valcom Classroom audio management systems in order to suspend locally originated classroom audio during intercom announcements.

NETWORK
CONNECTION

Figure 2. Ethernet Connection

Call Switch Connection

The Talkback IP Speaker provides a call switch input via screw terminal connections. Connect a momentary contact switch to Switch 1 and Ground. See Figure 3 for detailed connections.

-10 dB Line Level Out Connection

The -10dBm Line Level Out may be connected to up to 40 Valcom Self Amplified Speakers in order to provide additional sound reinforcement in an area.

LED Connection

LED 1 (+) and LED 2 (-) is a current limited output designed to illuminate an optional LED. The LED is intended to provide visual indication of call progress. The LED illumination will flash when the call switch is pressed and will continue to flash until the call is answered. The LED illumination will be solid when a connection to the unit is established.

Setup

Information specific to your application will need to be programmed to the VIP-429A-A using a computer. The PC used for programming should be connected to the same subnet as VIP-429A-A. Setup will be done using the IP Solutions Setup Tool. Download the latest version of the free IP Solutions Setup Tool from Valcom web site at www.valcom.com/vipsetuptool.

TECHNICAL ASSISTANCE

When trouble is reported, verify power is being supplied to the unit and there are no broken connections. If a spare unit is available, substitute a spare unit for the suspected defective unit.

Assistance in troubleshooting is available from the factory. Call (540) 563-2000 and press 1 for Technical Support. When requesting assistance, you should include all available information. It is strongly suggested that you also review available documentation on <http://www.valcom.com/informacast>.

Valcom equipment is not field repairable. Valcom, Inc. maintains service facilities in Roanoke, VA. Should repairs be necessary, attach a tag to the unit clearly stating your company name, address, phone number, contact person and the nature of the problem. Send the unit to:

**Valcom, Inc.
Repair & Return Dept.
5614 Hollins Road
Roanoke, Va. 24019-5056**

VALCOM LIMITED WARRANTY

Valcom, Inc. warrants its products only to the original purchaser, for its own use, to be free from defects in materials and workmanship under conditions of normal use and service for a period of one year from the date of shipment. This Limited Warranty obligation shall be limited to the replacement, repair or refund of any such defective device within the warranty period, provided that:

1. inspection by Valcom, Inc. indicates the validity of the claim;
2. the defect is not the result of damage, misuse or negligence after the original shipment;
3. the product has not been altered in any way or repaired by others and that factory sealed units are unopened (a service charge plus parts and labor will be applied to units defaced or physically damaged);
4. freight charges for the return of products to Valcom are prepaid;
5. all units 'out of warranty' are subject to a service charge. The service charge will cover minor repairs (major repairs will be subject to additional charges for parts and labor).

This Limited Warranty is in lieu of and excludes all other warranties, expressed or implied and in no event shall Valcom, Inc. be liable for any anticipated profits, consequential damages, loss of time or other losses incurred by the buyer in connection with the purchase, operation, maintenance, installation, removal or use of the product. The maximum liability of Valcom under this warranty is limited to the purchase price of the specific Product covered by the warranty.

Disclaimer. Except for the Limited Warranty provided herein, the product is provided "as-is" without any warranty of any kind whatsoever including, without limitation, any **WARRANTY OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE OR NON-INFRINGEMENT.**

This warranty specifically excludes damage incurred in shipment. In the event a product is received in damaged condition, the carrier should be notified immediately. Claims for such damage should be filed with the carrier involved in accordance with the F.O.B. point.
