

Strobes

Valcom’s strobes provide visual notifications to individuals within your organization, and help meet ADA requirements. Valcom’s strobes are ideal for corporate applications, educational institutions, entertainment complexes, industrial facilities, government buildings, healthcare facilities, transportation terminals or anywhere the need for critical alerts/public address exists.

Valcom’s Auxiliary Relay Units are used for strobe activation, door and camera control and are used in conjunction with the V-5580041C. The Relay Unit is expandable to 6 relays by adding an expansion board.

Features & Advantages

SIP Compatible - IP Versions Only

Easily integrates with CISCO, Nortel, Avaya systems.

ADA Compliant

Control the rate of strobe flash.
