

Vandal-Resistant FlexHorns™

Analog One

The Valcom Vandal-Resistant FlexHorn™ is designed with the same functions of the traditional FlexHorn, but incorporates tamper-resistant faceplate and removal resistant screws. The Vandal-Resistant FlexHorn is also designed with a steel security baffle that prevents objects from penetrating the speaker. The horns are available as one-way or talkback. Ideal for schools, prisons, industrial or areas where speakers could be a target for vandalism.

Features & Advantages

Enclosed FlexHorn Speaker

Indoor use.

Compact design horn is enclosed for additional security to prevent tampering.

Steel Security Baffle

Prevents objects from penetrating the speaker.

Built-In Volume Control

Allows for comfortable volume levels on analog one-way and IP speakers (excludes analog talkback).
