

Marine Horns

Valcom's Analog and IP Marine Horns offer high-efficiency, excellent intelligibility, and sturdy construction and are weather-resistant for indoor/outdoor applications. The analog versions are available in 5-Watt, 15-Watt or Talkback. The one-way or talkback IP horns' convenient design is Power over Ethernet (PoE) 802.3af compatible with a long line extender that allows cabling up to 1200 feet. These weather-resistant Marine Horns are equipped with O-ring seals and resist the deteriorating effects of sun, salt and high humidity making them ideal for use at shipboard and marinas.

Features & Advantages
