# Vandal-Resistant Emergency Call Station

The IP Emergency Call Station is an endpoint that allows communication to Valcom FXO, FXS units and SIP-enabled telephone systems via an IP network. The Emergency Call Station combines a rugged talkback paging horn with a vandal-resistant enclosure and is ideally suited for indoor environments such as hallways, stairwells, transit centers, and parking garages.

## Features & Advantages

### SIP Functional
*Integrates with CISCO, Nortel, Avaya Systems.*

### Multi-Use
*Use as a Valcom IP HelpPoint or endpoint.*

### Automatic Talkback
*Handsfree conversation. No need to push the button multiple times.*

**IP SoundPoints**
*Colors: Blue, Red, Yellow, Gray,*
