V-PEHRFR-SS

Description:

The V-PEHRFR-SS is a recessed mount enclosure designed for Valcom FlexHorn™ loudspeakers. Its stainless-steel grille and backbox are suitable for outdoor use. Compatible loudspeakers are sold separately.

SPECIFICATIONS

COMPATIBILITY

Valcom FlexHorn™ loudspeakers; sold separately.

MOUNTING

Recessed wall mount. Secure the backbox to suitable wall framing through factory-predrilled holes; mounting fasteners are installer supplied. Install the loudspeaker with supplied 8-32 KEP nuts and secure the grille with supplied one-way security screws. 3/4 in and 1 in conduit knockouts accommodate field wiring.

ENVIRONMENT

Suitable for outdoor use. Field wiring shall comply with applicable electrical codes.

HOUSING AND FINISH

316L stainless steel grille, brushed finish; 316L stainless steel backbox, powder-coated finish.

DIMENSIONS AND WEIGHT

Grille: 8.50 × 11.00 × 0.20 in
(21.59 × 27.94 × 0.51 cm)
Backbox: 7.50 × 9.92 × 3.94 in
(19.05 × 25.20 × 10.01 cm)
Weight: 7.50 lb (3.40 kg)

ARCHITECTS AND ENGINEERS

The recessed mount enclosure for Valcom FlexHorn™ loudspeakers, model V-PEHRFR-SS, shall be suitable for outdoor use and compatible Valcom FlexHorn™ loudspeakers. Loudspeakers shall be sold separately.

The enclosure shall have a brush finish 316L stainless steel grille and a powder-coated 316L stainless steel backbox. The backbox shall have factory-predrilled mounting holes and 3/4 in and 1 in conduit knockouts. The loudspeaker shall mount with supplied 8-32 KEP nuts, and the grille shall fasten with

supplied one-way security screws. Wall mounting fasteners shall be installer supplied.

The dimensions shall be: grille, 8.50 × 11.00 × 0.20 in (21.59 × 27.94 × 0.51 cm); backbox, 7.50 × 9.92 × 3.94 in (19.05 × 25.20 × 10.01 cm). Weight shall be approximately 7.50 lb (3.40 kg).
